DETAILED ACTION

Claim Rejections - 35 USC § 112

Claims 1, 10-12, 14 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 recites the limitation "the impulse response" in lines 11-12. There is insufficient antecedent basis for this limitation in the claim.

Claim 1 recites the limitation "the frequency spectrum" in line 13. There is insufficient antecedent basis for this limitation in the claim.

Claims 10-12 are also rejected for incorporating the deficiencies of their base claim.

Claim 14 recites the limitation "the transmission characteristics" in line 3. There is insufficient antecedent basis for this limitation in the claim.

Claim 14 recites the limitation "the triggering of occupant protection devices" in lines 6-7. There is insufficient antecedent basis for this limitation in the claim.

Claim 14 recites the limitation "the impulse responses" in lines 12-13. There is insufficient antecedent basis for this limitation in the claim.
